SPACE AND ARRAY HOLDINGS LIMITED	Space&Array Creating inspiring workspace

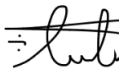

QUALITY POLICY STATEMENT

Space and Array Holdings Limited is committed to providing quality services and products in the built environment that consistently meet customer requirements and applicable statutory and regulatory requirements.

We are committed to ensuring the effective implementation of ISO 9001:2015 and continue the pursuit of an ever-improving quality of our services within the built environment.
We strive to enhance Customer Satisfaction through:

- Understanding and fulfilling customer needs and expectations
- Maintaining an effective Quality Management System in accordance with ISO 9001:2015
- Continual improvement of our processes, products, and services
- Developing employee competence through training and engagement
- Promoting risk-based thinking and accountability at all levels of the organization
- Setting measurable objectives at Corporate and Department levels
- Quality performance monitoring and reviews which is conducted at least once a year

Top management ensures that this Quality Policy is communicated, understood, and applied within Space and Array Holdings Limited and made available to relevant interested parties as appropriate.
